# How to Raise Soapberry Bugs

Raising Soapberry bugs is easy! You just need to provide shelter 🏠, water 🥛 and food 🖤 .
Find a clear plastic container, cut an opening in the lid. Glue this screen over this cut to prevent escape.
*Layer paper towels on the bottom to prevent fouling. Provide egg cartons for space to climb.*

Water vial with cotton plug, make it snug!

+

Place the vial on its side.

Collect seeds from a Goldenrain tree, Soapberry, or Balloon vine.

Place the seeds in a dish the bugs can feed from.

A dish with sand for laying eggs.
